The family farm "Peteh" is placed in Rovinj, Moncierlongo bb (road Rovinj-Rovinsko selo). In our fields, we are engaged in the production of seasonal vegetables and fruits.

The restored olive grove stretches along the south-western slope of the Monte Cavalle hill, along which we raise new plantations from year to year, exclusively of autochthonous olive varieties. Olives are grown organically without the use of pesticides and fertilizers. The fruits are picked by hand, in early October and processed the same day. We produce three ecological extra virgin olive oils "Monte Cavalle", namely two varieties of Buža and Rošinjol and a blend of Buža, Rošinjola and Karbonaca, in packages of 250 and 500 ml. The oils are of top quality, as evidenced by the numerous medals won in recent years. We opted for three oils because we believe that we have enabled the application of our oils on/with all dishes, from mild Buža through a medium blend of Buža, Rošinjol and Carbonaca to bitter and spicy Rošinjol.

The Agroturizam Ograde estate is located in the heart of Istria, in the village of Lindarski Katun, near Žminj, in the area of the town of Pazin.

Our property is located on the edge of the village in an area of 18,000 m<sup>2</sup>. In the past, the entire estate was surrounded by a shepherd's dry stone wall – a fence, and shepherds have always called it "Fences". We have kept that name to this day.

Our greatest loves are animals, nature and agriculture. Share that love with us and be our guests. The greatest pride of our household are horses, but we pay the same attention to our ducks and geese, chickens, pigeons, dogs and cats. Since we produce various types of products traditionally and naturally for the needs of our household, we decided to offer these somewhat forgotten 'old flavours' in a suitable ambience: in a stone tavern – by the fireplace.

We have designed new activities for all who want to experience pasta workshops and the making of sweets "Pazinski cukerač" (on the list of the intangible cultural heritage of the RH), cooking traditional dishes, preparing fruits and vegetables for the winter, spinning wool and knitting baskets.
