

The project aims to contribute to rural women's empowerment by encouraging new trends "Fresh Food Economy" and agricultural entrepreneurship, as well as additional farm-related segments of the rural economy, contributing to generating income and employment, taking into account the adaptability of methods and technologies to meet local conditions in each partner's country. The focus is on social inclusion to enhance access for disadvantaged people, especially for participants from vulnerable categories, such as rural women, small-scale farmers who are located in less-favoured areas, facing with social exclusion and limited market entry due to lack of entrepreneurial skills.

## Expected results

- Rural women increased knowledge about **new trends** "Fresh Food Economy" and agricultural entrepreneurship
- Effective **practical solutions designed to help women** in rural areas who are small food producers
- Improved access to nutritious, fresh foods for all citizens by **promoting health, protecting the agricultural assets** and natural resources
- Improved competencies and upgraded the **skills of adult facilitators/educators** belonging to community groups and grassroots organisations
- Successful dissemination of project results that are **available for use throughout Europe**

## Outputs

- IO1** The Network of Women from Rural Communities (NWRC)
- IO2** The Platform Community Access to Fresh Foods
- IO3** The Guide Access to Fresh Foods
- IO4** RWSFF Training of Trainers Course (RWSFF ToT) with 4 modules
